TOWN CLERK'S REPORT

TOWN WARRANT FOR 1953

TOWN OF HAMPTON STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hampton, in the County of Rockingham, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the High School Auditorium in said Hampton on Tuesday, the 10th day of March, 1953, at Ten o'clock in the forenoon to act upon the following subjects:

Article 1. To choose by Australian Ballot, one Town Clerk, one Selectman for three years, one Treasurer, one Collector of Taxes, one Highway Agent, and three Auditors.

Article 2. To choose all other necessary officers for the ensuing year.

(The polls for the election of officers will open at Ten O'Clock in the forenoon and will not be closed earlier than Six O'Clock in the afternoon of the same day).

Article 3. To raise and appropriate such sums of money as may be necessary for Town Officers' salaries and expenses, election and registration, municipal court, care and supplies for Town Hall, police department, fire department, moth department, highways and bridges, street lighting, library, town poor, Memorial Day, parks and playgrounds, cemetery, sewer department, sidewalks, comfort station, town notes, Hampton Beach and all other necessary charges arising within the town.

Article 4. To see if the town will give the Selectmen power to borrow money in anticipation of taxes.

Article 5. To see if the town will vote to increase the salary of the Clerk of the Municipal Court from Four Hundred Dollars to Six Hundred and Fifty Dollars.

Article 6. To see if the town will authorize the Selectmen to administer, sell or otherwise dispose of any real estate acquired by the town through tax deeds.

Article 7. To see if the town will vote to authorize the Selectmen to take action according to the terms of leases against certain or all lease holders leasing lands from the town of Hampton who have not paid their ground rent or taxes, or both.

Article 8. To see if the town will vote to raise and appropriate for Town Road Aid Appropriation A the sum of \$417.45 if the State contributes \$2,783.01, and for Town Road Aid Appropriation B the sum of \$4,000, if the State contributes \$4,000.

Article 9. To see if the town will vote to amend the ordinance creating the Town Planning Board and authorizing said board to regulate the subdivision of land (Chapter 53, Sections 1-29, Revised Laws of New Hampshire 1942 as amended) as follows:

The Town Clerk is hereby specified as the municipal officer, who shall issue on behalf of the Planning Board, a certificate of failure on the part of the Planning Board to take action on approval or disapproval of a plat submitted to it, as provided by Chapter 53, Section 23, Revised Laws of New Hampshire, 1942, as amended.

Article 10. To see if the town will vote to authorize the Selectmen to request an annual audit of the Town

Books by the Municipal Accounting Division of the State Tax Commission.

Article 11. On petition of Roland W. Paige and eleven other legal voters of the Town of Hampton to see if the town will vote to raise and appropriate the sum of \$300.00 for the care and maintenance of deserted and abandoned cemeteries in the Town of Hampton.

Article 12. On petition of Alton P. Tobey and eighty-nine other legal voters of the Town of Hampton to see if the town will vote to adopt the Town Manager Plan as provided by Chapter 55 of the Revised Laws of New Hampshire as amended.

(Voting on this article will be by Ballot in accordance with the provisions of Chapter 55 of the Revised Laws of 1942 as amended by Chapter 135 of the Laws of 1951 and any other amendments.)

Article 13. On petition of William W. Treat and fourteen other legal voters of the Town of Hampton to see if the town will vote to have a committee of nine legal voters appointed from the floor to act as an advisory committee to the Selectmen in the matter of choosing a town manager in the event that the town votes by referendum to adopt the Town Manager Plan as provided by Chapter 55 of the Revised Laws of this State.

Article 14. On petition of Charles F. Butler and nine other legal voters of the Town of Hampton:

A. To see if the town will vote to authorize the construction of a system of sewerage disposal at a cost not to exceed Two Hundred and Eleven Thousand Dollars (\$211,000) extending from main pumping station at Winnacunnet Road, together with sewers in Winnacunnet Road from Ocean Boulevard to near Locke Road and

including the gravity interceptor from the Treatment Plant to Winnacunnet Road and the force main from the pumping station to the end of the gravity sewer in Winnacunnet Road at an estimated cost of this construction, involving 10,000 feet of 8, 10 and 12 inch pipe and including engineering, land damage, and an allowance for contingencies of One Hundred and Seven Thousand Dollars (\$107,000), and providing sewers on Ocean Boulevard from Boar's Head to Winnacunnet Road and in King's Highway from Winnacunnet Road to 17th Street, and including street sewers in all the short streets between King's Highway and Ocean Boulevard from the 1st to and including 19th Streets, together with a lift station at 10th Street, amounting to about 12,100 feet of 8 inch and 10 inch sewer pipe at an estimated cost, including engineering land damage and contingencies of One Hundred and Four Thousand Dollars (\$104,000) and to authorize a sewer committee consisting of the Board of Selectmen and four other legal voters of the Town of Hampton appointed by the Moderator, or a majority of said committee of seven in connection therewith, to engage the services of an engineer, to determine the extent and location of the system of sewers, to solicit bids from competent contracting firms, to accept the most advantageous bid or bids, to supervise the construction, to see that the contracts are carried out, to accept the project for the Town, and to take any other necessary or desirable action in connection with such bids, contracts, construction and all other matters in connection therewith.

B. To see if the town will vote to authorize and instruct the Selectmen to proceed to acquire either by purchase or eminent domain proceedings such land or lands or easements therein as the sewer committee shall deem necessary for the construction of any or all of said sewer system.

C. To see if the town will vote to borrow a sum not exceeding Two Hundred and Eleven Thousand Dollars (\$211,000) and to issue and sell in connection with such borrowing notes and/or bonds of the Town of Hampton in the principal amount not exceeding Two Hundred and Eleven Thousand Dollars (\$211,000), such notes and/or bonds to be issued pursuant to Chapter 72 of the Revised Laws of 1942 as amended, payable exclusively from funds to be raised from taxation, to bear interest at a rate not exceeding four per cent per annum payable semi-annually, maturing during a thirty year period, principal payable in annual installments of Eight Thousand Dollars (\$8,000) for the first year and Seven Thousand Dollars (\$7,000) for each year for the next twenty-nine years, the first installment to be payable one year from date of said notes and/or bonds, to be sold for not less than par, the time and place of payment of principal and interest, the fixing of the rate of interest, the provisions for the sale of the notes and/or bonds and all other matters in connection therewith to be left to the discretion of the Selectmen.

Article 15. On petition of A. R. Swenson and seventeen other legal voters of the Town of Hampton to see if the town will vote to extend the present sewer system to include the streets of Fairfield Drive and Ruth's Lane and to raise and appropriate the sum of \$30,000.00 to accomplish said extension.

Article 16. On petition of A. Roland Bragg and twelve other legal voters of the Town of Hampton to see if the Town of Hampton will vote to raise and appropriate the sum of \$5,000.00 to install a sewer line on "N" Street extension on the west side of Marsh Avenue at Hampton Beach.

Article 17. On petition of David B. Drummond and

twenty other legal voters of the Town of Hampton to see if the town will vote to raise and appropriate the sum of \$1,500.00 to extend the sewerage up Mill Road to the extent of the appropriation.

Article 18. On petition of Otis R. Garland and thirty-six other legal voters of the Town of Hampton to see if the town will raise and appropriate the sum of \$30,000. to extend the sewerage system along Winnacunnet Road from the Elmwood Corner to and including the residence of Bowman Ellis and from Winnacunnet Road along Locke Road to and including the residence of John B. Marston.

Article 19. On petition of Norman Royal and sixteen other legal voters of the Town of Hampton to see if the Town of Hampton will install a surface drainage system on Marsh Avenue between G and J Streets; and appropriate the necessary monies.

Article 20. On petition of Ruth H. Folk and eleven other legal voters of the Town of Hampton to see if the town will vote to extend the present sewer system to include Rice Terrace and to raise and appropriate the necessary funds to accomplish said extension.

Article 21. On petition of J. Fred Hayward and ten other legal voters of the Town of Hampton to see if the town will vote to instruct the Selectmen to purchase or take by eminent domain proceedings for use as a public parking lot the following lots of land; (1) Lot bordering on High Street belonging to Kenneth W. Langley and (2) lot bordering on High Street belonging to the Hampton Associates, Inc.; and to raise and appropriate such sum or sums of money as may be necessary for this purpose.

Article 22. On petition of J. Fred Hayward and ten

other legal voters of the Town of Hampton to see if the town will vote to instruct the Selectmen to purchase or take by eminent domain proceedings a right of way ten (10) feet in width leading from Lafayette Road to land now owned by Kenneth W. Langley across land now owned by Myron Williams for the purpose of a public foot path and to raise and appropriate such sum or sums of money as may be necessary for this purpose.

Article 23. On petition of James M. McCool and sixty-six other legal voters of the Town of Hampton to see if the town will vote to adopt the New Hampshire State Plumbing Law as provided in Sections one to eleven, inclusive, of Chapter 183 of the Revised Laws of 1942 and any amendments thereto; also the rules and regulations relating to Plumbing adopted under authority of Section 7, Chapter 183, Revised Laws, as provided in the Manual for Plumbers published by the State Board of Health in 1948.

Article 24. On Petition of Roland C. Emery and ten other legal voters of the Town of Hampton to see if the town will vote to adopt the following proposed amendments to the Code of Ordinances governing Electrical Wiring in the Town of Hampton, N. H.

The National Electrical Code, as published by the National Board of Fire Underwriters every third year, governing the installation of electrical wiring and apparatus shall be adopted and approved as the minimum requirement by the Town of Hampton.

Some qualified person shall be elected at each annual town meeting whose title shall be "Inspector of Wires", whose duty shall consist of the inspection of all wiring for any purpose within the town, and whose salary shall

be paid in part by permit fees and in part by a sum appropriated by the town for that purpose.

Only those electricians who are registered with the New Hampshire Board of Underwriters shall be permitted to install any wires or conduits for wires within the town.

Before the electrician may start wiring any new building, or rewiring any existing building within the town he shall obtain or see that a building permit has been issued for that particular building by the town clerk or the building inspector. This permit must be posted at the building site, and must bear the approval of the Inspector of Wires over his signature before the Electric Company will connect the building to their system.

The Exeter & Hampton Electric Company will not be permitted to install a meter at a new or changed meter installation until a permit has been issued to the Company by the Inspector of Wires.

Temporary service permits will be limited to six months subject to renewal with the approval of the Inspector of Wires.

Nothing in this section shall be construed as to prohibit any property owner doing his own wiring provided he has complied with all of the rules, and his work bears the approval of the Inspector of Wires.

Article 25. On petition of Mrs. John Philip Knoblock and fifty-two other legal voters of the Town of Hampton to see if the town will raise and appropriate the sum of \$1,200.00 for the care, maintenance and improvement of shade trees in the Town of Hampton, especially to spray the elm trees for Dutch Elm disease, such money to be expended at the direction of the Selectmen, with

the advice of a Town Shade Tree Committee to be appointed by the Selectmen.

Article 26. On petition of Kenneth N. Ross and eleven other legal voters of the Town of Hampton to see if the town will vote to accept the street running north-westerly from the Ocean Boulevard through Ross Acres, so called.

Article 27. On petition of Willard M. Emery and eleven other legal voters of the Town of Hampton to see if the town will vote to accept as public highways the streets now known as George Avenue and Emery Lane.

Article 28. On petition of Philip W. Howe and nine other legal voters of the Town of Hampton to see if the town will vote to accept a street as a continuance of King's Avenue as approved by the Selectmen.

Article 29. On petition of Forest Littlefield and eleven other legal voters of the Town of Hampton to see if the town will accept the street known as Cedar Lane in the Town of Hampton after approval by the Board of Selectmen.

Article 30. To see if the town will vote to raise and appropriate for economic advancement of the town through publicity and promotional services of the Seacoast Regional Development Association, in co-operation with other regional communities the sum of \$1,002.00.

Article 31. To receive the report of the Committee on a proposed Building Code for the Town of Hampton as relating to general contracting regulations.

Article 32. To transact any other business that may legally come before said meeting.

Given under our hands and seals this 20th day of February in the year of our Lord, 1953.

RESULT OF TOWN MEETING MARCH 10, 1953

Meeting called to order at 10:45 A. M. by Moderator John W. R. Brooks followed by reading of the warrant.

Prayer by Rev. Walter S. Oddy.

"O Thou who art the Living God of all mankind, we come to Thee on this important day in the history of our town to thank Thee for the great and wondrous blessings that Thou hast wrought upon us. We are participants, whether we would or not, in the mighty program of life in the world. The interests of all nations are our own also, and what affects mankind is inevitably our affair as well as those who dwell in the various countries of the world.

Therefore, we would bless Thee for the land wherein Thou hast set our feet; for the rich material resources; for the opportunities of outreach and advancement. Yea, we thank Thee for the God-given freedom to make our town and nation, as well as ourselves, the very best. So may we prove ourselves worthy of all the heritage bestowed upon us. May the conduct of our Christian and Godly Ideals be worthy of children of the Eternal Father.

O Lord, as we come together today to consider the problems and activities of our beautiful town and its relationship with the rest of mankind, may we have unity of thought in our program of progress that our purpose might be firm and for the good of all. Save us from pride and arrogance and unworthy discord that we might be guided by Thine Almighty Hand which has led us in the past.

Guide those, we pray, into whose hand authority has been and is about to be placed, that they may legislate

wisely, act with justice and prudence, and be as an example of what a citizen should be. We realize that behind the men and women in office — in power — behind those in the service of their country and those who are of the band of citizenship there stands One whose Power is greater than all others and whose Will is to be obeyed.

Thus, O God, as we praise Thee, and offer up our petitions, may we take time to daily live our lives to the melody and harmony of Thy Wisdom. Quiet us until we find the strength and courage to live rightly as individuals, as families, as a community working together for the good of humanity unto Him who created us that all might live together in understanding, in a common ground for a common object; — and that the common object in the heart of the peoples shall lie in the inviolable rights of peoples and of mankind.

May Thy Divine Will be done and peace brought into a living reality in this land of ours because all nations will have learned to walk in the way of righteousness with their fellowmen because of Thee.

So guide, us, O Lord, that our lives might always be praising Thee. Amen."

Ballot Clerks were sworn to their respective duties by Moderator John W. R. Brooks. Clarence Shaw in charge of ballots.

RESOLUTION

Submitted by James W. Tucker, Sr.

WHEREAS, under the law, one of the chief functions of our Planning Board is to provide a carefully drawn plan for the orderly growth and development of Hampton, and

WHEREAS such a plan is now lacking and can best be provided only by expert consultants, and engineers in the field of town and city planning, and

WHEREAS economic trends in this critical defense area fully demonstrate the immediate need for such a well formulated plan and for all the pertinent information relative to our community which such a plan will produce, therefore

BE IT RESOLVED by the voters of Hampton in Town Meeting assembled on March 10, 1953, that we request our Planning Board to consult immediately with one or more reputable firms of city and town planners to secure complete and detailed information concerning the cost involved in preparing for Hampton

a complete Master Plan with all the necessary maps and data and to secure such other details as may be relevant, and

BE IT FURTHER RESOLVED that this meeting advocates for obvious reasons the appointment to the Planning Board of two resident civil engineers, and

BE IT RESOLVED IN CONCLUSION that the requested information be conveyed to the voters at the next regular Town Meeting or at an earlier special town meeting, if, in the opinion of the Board, such special action is either necessary or desirable.

Report of the Parking Space Committee submitted by William Treat to be filed as part of this record. A vote of thanks was extended to the Committee on behalf of the Town. Report filed on page 432 of Town Record Book 1938.

Motion to adjourn at 6:35 P. M. Seconded.

appropriate the sum of \$2,000.00 to increase the salary of the Health and Sewer Department employees approximately ten cents per hour.

Article 14. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 to construct an additional room on the Town Office Building.

Article 15. To see if the Town will vote to raise and appropriate the sum of \$225.00 to install a blinking red and amber light at Mill road and High street corner.

Article 16. In accordance with a resolution adopted at the Annual Town Meeting held March 10, 1953, the Planning Board submits the following article:

To receive the report of the Planning Board relative to the cost estimated at \$15,000.00 of making a Master Plan for the Town in accordance with Chapter 53, Revised Laws of 1942 as Amended, to see if the Town will accept the same, and raise and appropriate the sum of \$5,000.00 for the estimated cost of the work to be done in 1954.

Article 17. On petition of James W. Tucker and nine other legal voters of the Town of Hampton to see if the Town will vote to authorize and instruct the Board of Selectmen to increase the number of members of the Planning Board from five to seven and to suggest to the Board of Selectmen the appointment of two resident civil engineers as the additional members.

Article 18. On petition of Alton P. Tobey and twenty other legal voters of the Town of Hampton to see if the Town will vote to adopt the Town Manager Plan as provided by Chapter 55 of the Revised Laws of New Hampshire as amended.

(Voting on this article to be by Ballot in accordance with the provisions of Chapter 55 of the Revised Laws of

1942 as amended by Chapter 135 of the Laws of 1951 and any other amendments; and this article will appear on the Australian Ballot.)

Article 19. On petition of Alfred Janvrin and twenty-one other legal voters of the Town of Hampton to see if the Town will vote to have a committee of nine legal voters appointed by the Moderator to act as an advisory committee to the Selectmen in the matter of choosing a Town Manager in the event that the Town votes by referendum to adopt the Town Manager Plan as provided by Chapter 55 of the Revised Laws of this State.

Article 20. On petition of H. Clifford Bean and fourteen other legal voters of the Town of Hampton to see if the Town will vote to raise and appropriate the sum of \$500.00 for the purpose of fencing and protecting one acre of river flats, the location of which will be selected by the United States Wild Life Service and the seed for which will be furnished free by Mr. Thomas Binmore, of Rye, New Hampshire.

Article 21. On petition of Walter Nichipor and ten other legal voters of the Town of Hampton to see if the Town will vote to raise and appropriate the sum of \$5,000.00 to build a sidewalk on Mill Road from the corner of High Street to Ann's Lane.

REPORT OF SELECTMEN

1954 Town Meeting

The following suggestions, most of which would save money if they could be accomplished at once, should be kept in mind to be done at the earliest wish of the voters:

1. Insulate the cap of the comfort station (a four to five inch cap for which a bid was received of \$325.00).

2. Buttress the south wall of the sewer plant. (This wall now has a fifteen inch bulge and if not straightened will go out, the replacement of which will cost of minimum of \$10,000.00, but it is estimated that it can be buttressed or reinforced for the approximate sum of \$2,500.at this time.)

3. Institute a system of cross-indexed individual property tax description cards.

4. Send out itemized tax bills.

5. Prepare a tax map.

6. Purchase a sewer cleaning machine. (This machine to clean pipes, at about \$4,000.00 will pay for itself in about two years and last twenty or more years).

7. Construct a conference room on the town office building. (Cost estimated at \$2,000.00).

8. Purchase land for public entrance to the ocean on the beach at the south end of the toll bridge.

9. Purchase at least two new surf boats for the life guards, furnish first aid kits for the guard stations and furnish lettered white sun visor hats to distinguish and protect the guards. (The only seaworthy boat we now

have was given to the beach by the D.A.V., but there should be at least three available on the main beach and possibly one at the south end of north beach, assuming that the U. S. Coast Guard can do a better job than we can at the North end. (The approximate cost of this improvement will be \$500.00).

made by

**THE DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION**

November 17 & 18, 1953 - February 15 - 19, 1954

**DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION****Concord, New Hampshire**

February 25, 1954

Board of Selectmen
Hampton, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Hampton for the fiscal year ended December 31, 1953, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Municipal Court, Library and Trustees of Trust Funds.

FINANCIAL STATEMENTS**Comparative Balance Sheets — Dec. 31, 1952-Dec. 31, 1953:****(Exhibit A-1)**

Comparative Balance Sheets as of December 31, 1952 and December 31, 1953, are presented in Exhibit A-1. As indicated therein the Net Debt decreased by \$16,788.59 in 1953.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Decreases in Net Debt

Budget Surplus	\$9,526.86
Bonds Retired	14,500.00
Increase in Accounts Receivable	312.50
1951 Head Taxes Paid State But Not Collected	145.00
	<hr/>
	\$24,484.36

Increases in Net Debt

Cash Surplus Used to Reduce Tax Rate	\$7,007.00
Increase in Reserve for Future Yield Tax Loss	393.36

Increase in Accounts Payable	109.26	
Collector's Excess Credits	186.15	
		<hr/>
		\$7,695.77
		<hr/>
Net Decrease		\$16,788.59

**Comparative Statements of Appropriations and Expenditures —
Estimated and Actual Revenues: (Exhibits A-3 & A-4)**

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1953, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a revenue surplus of \$16,190.21, less a net overdraft of appropriations of \$6,663.35, resulted in a net budget surplus of \$9,526.86.

Summary of Receipts and Expenditures: (Exhibit B-1)

A summary of receipts and expenditures for the fiscal year ended December 31, 1953, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1953, is indicated in Exhibit B-2.

Statement of Bonded Indebtedness: (Exhibit I)

A statement of bonded indebtedness as of December 31, 1953, showing annual debt service requirements, is contained in Exhibit I.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) increased by \$2,288.59, during 1953, as shown by the following statement:

Hampton Town Report

	Dec. 31, 1952	Dec. 31, 1953
Total Assets	139,404.01	\$148,596.35
Current Liabilities	91,866.32	98,770.07
Current Surplus	<u>\$47,537.69</u>	<u>\$49,826.28</u>

Unredeemed Taxes: (Exhibit C-3)

It is noted that there are unredeemed taxes from tax sales on account of the levies of 1950 and prior years as follows:

Levy of 1950	\$1,705.43
Levy of 1949	1,370.31
Levy of 1948	1,485.14
Levy of 1947	706.21
	<u>\$5,267.09</u>

Inasmuch as the two year redemption period provided by law has expired, it is recommended that the Tax Collector issue tax deeds to the Town for the properties represented by these unredeemed taxes.

Deficiency of Taxes Assessed Under Budgetary Requirements:

It will be noted in the Revenue Statement (Exhibit A-4) that the deficiency of taxes actually assessed under budgetary requirements amounted to \$4,001.30. This means that in calculating the 1953 tax rate the assessed valuation was overstated by approximately \$100,000.00. It is therefore recommended that more care be given to the preparation of assessment lists and tax warrants.

Conclusion:

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report.

We extend our thanks to the officials of the Town of Hampton for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Hampton for the fiscal year ended December 31, 1953. In our opinion the Exhibits included herewith reflect the true financial condition of the Town on December 31, 1953, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted

“Reading Is Fun”, the slogan that proved so successful last year, was again the theme of Book Week, which came this year from November 15 to 21. The 1953 Poster was designed by the commercial artist, Jan Balet, who is the author-illustrator of many children’s books. The usual display of new Juvenile books was to be found on the table in the Reading Room.

An addition to the Reading Room is the framed copy of the Declaration of Independence, hung over the fireplace. This was presented to the Library by the Literature Committee of the Monday Club 1952-1953. The facsimile was given by Mr. Chester Merrow, Congressman from the First District, and framed by the Manual Training Class of the High School under Mr. Forrest Parker,

with the approval of Mr. Bruce Russell, Headmaster; the material for the frame being furnished by the Literature Committee.

Several books have been received as gifts and many organizations have presented subscriptions to their magazines. We say, "Thank you," to the donors.

The latest addition to the books of reference is the 1953 edition of the Webster's New International Dictionary.

SCHOOL WARRANT FOR 1953

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Hampton, in the County of Rockingham, State of New Hampshire, qualified to vote upon District Affairs:

You are hereby notified to meet at the High School Auditorium in said Hampton, on Friday, the thirteenth day of March, 1953, at three o'clock in the afternoon, and to cast ballots from that hour until at least eight o'clock in the evening of said day for candidates for the following District officers:

1. Moderator (for the ensuing year).
2. Clerk (for the ensuing year).
3. Member of the School Board for the ensuing three years.
4. Treasurer (for the ensuing year).

You are also notified to meet at the same place at eight o'clock in the evening of the same day to act upon the following subjects:

1. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers of the District.

2. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.

3. To see what sum of money the District will raise and appropriate for the support of the schools, for the salaries of District officials, and agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of

such sums as are estimated to be received from the state equalization fund together with other income: the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

4. To hear the report of Agents, Auditors, Committees, or officers chosen and pass any vote relating thereto.

5. To receive the report of the Building Committee appointed at the Special School District Meeting held September 30, 1952, and to see if the District will vote to accept same.

6. To authorize the School Board to acquire such land or lands as it may deem necessary for enlarging the Hampton Academy and High School lot and to petition the Selectmen to appraise the damages of any owner or owners whose land may be taken for the purpose of enlarging the Hampton Academy and High School lot and who shall refuse to sell the same to the District in accordance with the Revised Laws of 1942 and any amendments thereto.

7. To see if the School District will vote to raise and appropriate the sum of five thousand dollars (\$5,000.00) for the purchase or acquisition of certain lands of Douglass E. Hunter and Elliot A. Stevens to enlarge the present Hampton Academy and High School lot.

8. To see if the District will vote to authorize the construction of, and originally equipping and furnishing, a ten room Junior High School adjacent to the Hampton Academy and High School building located on the easterly side of Academy Avenue in said Hampton at a cost not to exceed two hundred twenty-five thousand dollars (\$225,000.00) substantially in accordance with the recommendations contained in the report of the Building Committee and to authorize a Building Committee of

seven consisting of four legal voters of the District, to be appointed by the Moderator, and the School Board, or a majority of said Committee of seven in connection therewith to determine the final construction plans, to engage the services of an architect, to solicit bids from competent contracting firms, to accept the most advantageous bid or bids, to supervise the construction and to see that the contracts are carried out, to purchase the necessary equipment and furnishings, to determine what land must be acquired for the project and to petition the School Board for the acquisition of the same either by purchase or by proceedings in accordance with the Revised Laws of the State of New Hampshire as amended, to accept the project for the School District, and to take any other necessary or desirable action in connection with such bids, contracts, construction, acquisition of land, and all other matters in connection therewith.

9. To see if the School District will vote to borrow two hundred twenty-five thousand dollars (\$225,000.00), or such part thereof as shall be deemed necessary by School Board of the School District of the Town of Hampton for such purposes, to finance the project as authorized under Article 8, and to issue and sell in connection with such borrowing notes and/ or bonds of the School District of the Town of Hampton in the principal amount of two hundred twenty-five thousand dollars (\$225,000.00), or such part thereof as shall be deemed necessary by the said School Board, such notes and/or bonds to be issued pursuant to Chapter 72 of the Revised Laws of 1912 as amended, and acts, if any, there-to enabling in addition to said Chapter 72, said notes and/or bonds to be payable exclusively from funds to be raised from taxation, to bear interest at a rate not exceeding 4% per annum, payable semi-annually to mature during a 20-year period, principal to be payable in substantially equal annual installments, the first install-

ment to be payable one year from date of said notes and/or bonds, to be sold for not less than par, the time and place of payment of principal and interest, the fixing of the rate of interest, the provisions for the sale of the notes and/or bonds and all other matters in connection therewith, to be left to the discretion of the School Board.

10. To see if the School District will vote to authorize the School Board, if the said School Board deems it advisable, to make application for and to receive in the name of the School District of the Town of Hampton such advances, grants in aid, or other funds for educational purposes as may now or hereafter be forthcoming from the Federal Works Agency or from any other agency of the United States Government or of the State of New Hampshire and especially in connection with Public Law 874 81st Congress Second Session approved September 30, 1950 and Title II Public Law 815 81st Congress Second Session approved September 23, 1950 as amended or any other act of Congress applicable thereto and to execute for and in behalf of the School District of the Town of Hampton such applications, agreements, contracts, or other instruments as may be necessary.

11. On petition of Maude E. Hamilton and thirteen other legal voters of the School District of the Town of Hampton to see if the District will vote to instruct the School Board to open all meetings regular and special, to the public and press and to give due notice of such meetings through the local newspaper and such other channels of publicity as the Board may deem proper. Whenever, at any session, privacy is deemed necessary and essential to the proper conduct of specified District affairs, the Board shall announce its retirement into executive session for discussion of such affairs.

12. On petition of Myra R. Driscoll and nine other legal voters of the School District of the Town of Hamp-

ton to see if the District will vote to discontinue the public kindergarten.

13. To transact any further business that may legally come before said meeting.

Given under our hands at said Hampton this 24th day of February, 1953.

To see if the District will vote to authorize a committee of seven consisting of the School Board and four other legal voters of the District, to be appointed by the Moderator, or a majority of said committee, to obtain the services of an architect and to raise and appropriate the sum of Twenty-five hundred Dollars (\$2,500.) to secure plans to carry out the specific recommendations contained in the Special Committee report under Article 4 and to submit such plans for the consideration of the voters of the School District at a special meeting to be held not later than June 15th, 1954.

6. To see if the District will vote to authorize the construction of, and originally equipping and furnishing, a ten room Junior High School adjacent to the Hampton Academy and High School building located on the easterly side of Academy Avenue in said Hampton at a cost not to exceed two hundred thirty thousand dollars (\$230,000.00) substantially in accordance with the recommendations contained in the report of the Building Committee authorized under Article 2 of the Special School District Meeting of September 30, 1952 and to authorize a Building Committee of seven consisting of four legal voters of the District, to be appointed by the Moderator, and the School Board, or a majority of said Committee of seven in connection therewith to determine the final construction plans to engage the services of an architect,

to solicit bids from competent contracting firms, to accept the most advantageous bid or bids, to supervise the construction and to see that the contracts are carried out, to purchase the necessary equipment and furnishings, to accept the project for the School District, and to take any other necessary or desirable action in connection with such bids, contracts, construction, and all other matters in connection therewith.

7. To see if the School District will vote to borrow two hundred thirty thousand dollars (\$230,000.00), or such part thereof as shall be deemed necessary by School Board of the School District of the Town of Hampton for such purposes, to finance the project as authorized under Article 6, and to issue and sell in connection with such borrowing notes and/or bonds of the School District of the Town of Hampton in the principal amount of two hundred thirty thousand dollars (\$230,000.00), or such part thereof as shall be deemed necessary by the said School Board, such notes and/or bonds to be issued pursuant to Chapter 72 of the Revised Laws of 1942 as amended, and acts, if any, thereto enabling in addition to said Chapter 72, said notes and/or bonds to be payable exclusively from funds to be raised from taxation, to bear interest not exceeding 4% per annum, payable semi-annually to mature during a 20-year period, principal to be payable in substantially equal annual installments, the first installment to be payable one year from date of said notes and/or bonds, to be sold for not less than par, the time and place of payment of principal and interest, the fixing of the rate of interest, the provisions for the sale of the notes and/or bonds and all other matters in connection therewith, to be left to the discretion of the School Board.

8. To see if the School District will vote to authorize

the School Board, if the said School Board deems it advisable, to make application for and to receive in the name of the School District of the Town of Hampton such advances, grants in aid, or other funds for educational purposes as may now or hereafter be forthcoming from the Federal Works Agency or from any other agency of the United States Government or of the State of New Hampshire and especially in connection with Public Law 874 81st Congress Second Session approved September 30, 1950 and Title II Public Law 815 81st Congress Second Session approved September 23, 1950 as amended or any other act of Congress applicable thereto and to execute for and in behalf of the School District of the Town of Hampton such applications agreements, contracts, or other instruments as may be necessary.

9. To see if the School District will vote to authorize the School Board to apply the funds received as reimbursement from the Federal Government for the school year 1952-1953 in accordance with Public Law 874, in the amount of \$7,854.00, against the expenses for the fiscal year 1953-1954.

10. To see if the School District will vote to increase the total amount of fire insurance to \$539,000.00 appropriate the sum of \$711.00 for additional premium required.

11. To see if the School District will vote to add extended coverage to all fire insurance coverage for the school buildings and furnishings and raise and appropriate the sum of \$482.00 for this purpose.

12. To see if the School District will vote to insure band uniforms, athletic equipment, and music instruments.

13. To see if the School District will vote to raise and

appropriate the sum of \$347.00 representing the initial three year premium for the purposes of Article 12.

14. To see if the School District will vote to carry public liability insurance with liability limits of \$10,000.00 - \$20,000.00.

15. To see if the School District will vote to raise and appropriate the sum of \$316.00 for the purpose of Article 14.

16. To see if the School District will vote to instruct the School Board to survey the land adjacent to the High School premises and to purchase or take by eminent domain proceedings such land as is needed and to raise and appropriate the sum of \$5,000.00 for this purpose.

17. To transact any further business that may legally come before said meeting.

Given under our hands at said Hampton this 11th day of February, 1954.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Hampton:

The current year began Wednesday, September 9th, 1953 with an enrollment of 649. This compares with 642 of the previous year, which included 62 in kindergarten. The total enrollment as of January 25, 1954 was 678. With 89 at the beginning enrollment in the first grade it became necessary to employ a third teacher. It is interesting to note that the enrollment in the three lower grades was 190, and in the three upper grades 155. Taking an average registration; we find 63.3 in the three lower grades, 52 in the middle grades and 42 in the Junior High.

Since additional pupils are entering through the year it seems probable that an additional teacher will be necessary for grade two next year. The time is not far distant when we shall need three teachers for each grade. With this prospect, it is not difficult to see that grades seven and eight must be housed elsewhere than in the present building. We are faced with a parallel situation in the High school. During the next two years the Academy will graduate classes of forty and fifty-two. These are the smallest grades in the school and will be replaced by grades of fifty-seven and seventy. An enrollment of more than two hundred and fifty will be the rule.

A projection of present enrollments and present rate of increase prophesies a pupil population for 1961 of 950 pupils. The answer seems to be the construction of a Junior High school. This would service grades seven and eight, thus relieving the Centre school. It would also house the ninth grade of the High School. The new building should be constructed large enough to take care of

any further influx in either the grades or the high school. It could be so planned that it would house grade six, if that should be necessary, or grade ten if our secondary facilities should be overcrowded at some future time. This would mean a Junior High School of grades seven, eight and nine with an enrollment of two hundred twenty-five to two hundred fifty. This system of 6-3-3 has many advantages over the 8-4 plan. It would put us in line with the best educators of today.

A committee has been appointed to review the housing situation in the district. That committee will report at the annual School District meeting.

The Hampton schools now have a staff of thirty-four teachers; seven of whom are new to the system, with one teacher returning who has previously taught. They are all accredited by the State Board of Education and hold Bachelor or Master's Degrees from accredited colleges. The fact that our teachers are professionally minded and intend to do their best for our children is attested by the large number who are enrolled in education courses of advance standing. Two classes are being afforded this year in our buildings. They are conducted by the Harvard-Boston University Extension and are tailored to the needs of the teachers. Such courses as: "Guidance in Elementary School," "Measurement and Evaluation in Education" — "Improvement in Instruction" — "Psychology in Learning Current Problems in Health and Safety" and "The Teaching of Arithmetic in Elementary Grades" are being studied during the current year. It has been stated that probably a larger proportion of our teachers are studying on an advanced level than any other school in the State.

By enactment of the legislature of 1953 the position of Helping Teacher was established for six unions in the state. The criteria for determining the unions eligible

for such assistance included such factors as: the number of school districts comprising a union, the number of teachers, number of pupils, number of schools, population trends and general educational problems of the communities served. With these criteria, Supervisory Union No. 21 was offered the services for which this law provided. The helping teacher is a full time employee serving throughout the calendar year. She will be a highly trained person serving teachers, pupils, parents and citizens of the communities. She is not a supervisor as such, but is at the service of the teachers at their request. With the large classes we now have, her help will be in increasing demand. The State Department of Education has obligated itself to pay \$2,500. toward the salary of this teacher. The remainder of the total salary is to be apportioned among the seven towns of the Union in the same manner as other Union costs. Since the total salary voted by the Union at its regular budget meeting was \$4,100. with the state paying \$2,500 of this amount, and since Hampton pays forty-two and sixty-seven hundredths percent, the cost of this district will be \$682.72. This amount is included in the school budget as presented.

Prior to the acceptance of this help the board members of the seven districts held meetings with the Commission of Education and with a helping teacher now working in New Hampshire. At these meetings the plan of this teacher was carefully outlined and her actual duties were explained. As a result of careful study by the board members, it was voted to adopt this means of improving the efficiency of our schools.

Federal Aid has been received in all seven districts of Union No. 21. This was made possible by amendment of the house bill 874. As originally passed, aid was given to districts educating children whose parents are employed

on federal property "part or all of which is situated in such state." Since the Naval Shipyard is located in Maine, our district was not eligible for federal funds. However, the amendment allowed aid for children whose parents work on federal property and who live in reasonable commuting distance of said property. Thus our districts become eligible and received as reimbursement for the year 1952-1953 a total of \$32,172.90. Hampton's payment was \$7,854.00.

The work of the Supervisory Union is continually increasing. Teachers are being added almost yearly in each of the districts, because of constantly increasing enrollments. The entrance of pupils from other districts always offers problems of placement and orientation. The federal government has now entered the field through its aid program. These are a few of the reasons that the Union felt an executive assistant should be employed.

This assistant will be paid on the same basis as all Union employees with each of the districts contributing its proportional share. A more efficient organization will result.

The Trustees of the Academy and High School have continued their policy of generous contributions to the schools. New typewriters have been purchased each year by them. A much needed safety vault door has been installed. This is a costly item and much appreciated, since it means safe housing for school funds. The Trustees also financed the installation of gas service for the Mechanic Arts work.

Hampton furnishes as complete a program as possible considering the size of enrollment. The Academy offers five courses of study, adapting to the varying interests of the pupils; in addition, all pupils are offered work in Music, both vocal and instrumental; and also four years

of Art. Driver Education is offered both as a study course and "behind the wheel." This study is developed in conjunction with the Motor Vehicle Department and with a car furnished by a local dealer. The value of this course is attested by officers of the Motor Vehicle Department.

The Physical Education program carries through all grades; with instructors for both boys and girls.

Hampton believes in visual education. Two moving picture projectors and a film strip machine are regular compliment. Supervisory Union has purchased film strips which are used in close correlation with the class work of all grades. Moving picture films are rented from various sources, such as the University of New Hampshire, Boston University, and commercial companies. These are usually free, or with a nominal charge.

A successful hot lunch program has been sponsored throughout the school year. The service has been self supporting since its installation. Each child participating is charged twenty-five cents per meal. The Federal Government contributes five cents additional. Surplus commodities are received from Federal sources. For these we pay only transportation charges. These commodities consist mainly of meat, canned goods, dry milk and vegetables. They materially help in allowing better meals than would otherwise be possible. An average of three thousand meals is served each month.

The local Parent Teacher's Association is conducting a survey among the parents of Hampton. As a result of this we expect to secure the thoughts of the parents as to the means of improving our schools. It is hoped that all parents will reply to the survey and thus assure a more accurate estimate of the schools of the district. The Association is also working closely with our lunch program. This help is much appreciated by us all.

The School District Meeting is to be called to order on March 5th, 1954, at three o'clock in the afternoon. Important decisions are to be made. It is to be noted that the School District check list is separate from that of the Towns. In order to vote at the School District Meeting it is necessary that your name appear on the School check list. Copies of this list are posted at the Town Offices, the Beach fire station, and the High School hall. The hours for adding names on the check list appear on the list itself — they are Friday, February 26, 7 to 9 p.m.; Saturday, February 27th, 3 to 5 p.m.; Thursday, March 4th, 7 to 9 p.m.; Place, Town Offices.

School sessions will rarely be called off because of bad weather. When it necessary to do this, notice will be given on the Portsmouth radio station, WHEB, between the time of beginning broadcasting and eight o'clock in the morning. People who do not have access to radios may call either the principals of the schools or Hampton 865.

We are grateful to the people of Hampton for their interest. It is by such interest that schools are improved. The problem of school housing is important and serious; but Hampton will do well by its children. That plan which is best will be adopted by the people of the town and Hampton schools will continue to be recognized as good schools.

Respectfully submitted,

ROY W. GILLMORE,

Superintendent of Schools.

HIGH SCHOOL PRINCIPAL'S REPORT

Dear Mr. Gillmore:

I herewith submit my annual report as Principal of Hampton Academy and High school.

Our enrollment has held very close to that of the last few years. We fit nicely into the building and our equipment is adequate. This condition will not last long for we have a small senior class leaving while our entering class was large. However next year the entering class will be slightly smaller because of the small eighth grade in the Centre School. Unless there is a considerable increase from families moving into town we should have one more year before we are crowded.

As you know we have a very active audio-visual aids program. Through a gift of the class of 1953 and assistance of our trustees the auditorium has been blacked out so it can be used for motion picture projection. Besides sound picture equipment we have a tape recorder, three record players, a film strip projector, a micro slide projector and a public address system with turn table. Our teachers are alert to make use of this equipment. The recent change in postal rates for educational films has made it possible for us to obtain more material without increasing our budget. I am glad to report that this is an excellent motivating force and makes learning easier and more pleasant. Tests indicate that is an effective way to teach.

A system of cumulative records has been started in the Centre School that we would like to continue through high school. We find this material very valuable in our guidance work. These records include a record of the pupils work in each grade, the results of achievement

tests, mental capacity tests, interest inventories and any special tests that have been used. It gives us a much more complete record than we would otherwise have.

Last year we graduated a class of forty-seven. Nineteen are attending college, one business school, three nursing schools, one art school, two preparatory schools, and two trade schools. Of the remainder one is in the armed forces, ten are employed and three are married.

For the first time the George and Grace Ashworth scholarship became available and was awarded to Robert Lavigne. He is at Denison College in Ohio. The Plymouth Teachers' club, the Monday club and the Hampton Teacher's club plan to offer scholarships to a local pupil. Thus there will be four scholarships available for this year's seniors. We are very pleased with this encouragement to advanced education.

Many schools in recent years have been moving United States History to the junior year and following it by a course in Problems of Democracy in the senior year. Our state department's new program has approved of the change. I believe we should start the transition in Hampton next year.

Our athletic program continues to be successful. There is a great deal of interest in it as there should be. However, it brings problems because there are some who would give it first importance. It is well to remember that the regularly scheduled classes are our main objective and that the activities should be balanced with places for dramatics, music, art, forensics, clubs and socials. We try to keep a reasonable balance, but a single auditorium-gymnasium causes some friction. The reason I bring it up is to seek understanding when at certain times each activity must make way for another and that activities must interfere with classes as little as possible

and still keep a balanced program. Activities furnish excellent motivation for school work and can contribute much enjoyment to the school experience.

I have again called attention to only a few of the things which we could discuss. We are always trying to do better and this report is intended to be a part of our public relations. There are lots of citizens who are genuinely interested in the schools and do much to help. We appreciate their interest and help and hope it will continue.

We have an excellent corps of teachers who are conscientious in their work and always ready to help the pupils or any worthy town project.

I want to express by appreciation to you and the school board for the constant cooperative spirit in which our work is carried on.

Respectfully submitted,

BRUCE E. RUSSELL,

Principal.

CENTRE SCHOOL REPORT

To Mr. Roy Gillmore, Superintendent of Schools:

I herewith submit my annual report for the Centre School:

The Centre School has made satisfactory progress in the various areas since the last report was written and school is going along smoothly.

During the spring term last year we were engaged in our normal spring activities. Miss Nelson directed our annual eighth grade play which was well received and Mr. Eastman for the 24th consecutive year coached our basketball and baseball teams.

Graduation for the eighth grade was changed to a Friday evening and held June 12th before a large group of parents and friends. As the size of our graduating classes increase our auditorium is becoming too small to seat all of those who wish to attend. If the Junior High School continues to remain at the Centre School it may be necessary to hold graduation elsewhere.

When school started in September this year several new members had been added to our Faculty. Mr. and Mrs. McClain, both teachers with much experience, were hired to teach grades six and five respectively. Mrs. McClain replaced Miss Lewis who found employment elsewhere and Mr. McClain became the teacher of the extra sixth grade which we have for the first time. It is encouraging to get some men teachers in the intermediate grades. They add to our total education program. Miss Sakovitch our other fifth grade teacher also left and she was replaced by Mrs. Whittum who formerly taught a fourth grade. In turn the then vacant fourth grade posi-

tion was filled by Mrs. Carberry. Mrs. Linscott became our new art teacher and this completed our staff for the opening of school.

During the summer a partition had been constructed, forming two rooms where we had once held the kindergarten and we used these for two first grades. With more than eighty registered in these grades it soon became apparent a third division was necessary, so as soon as it was practical, a third first grade division was made and Mrs. Pearson became the teacher. We again have been fortunate in securing good teachers and we have an excellent staff who not only are well qualified but realize the importance of professional improvement. Securing a good staff is made easier when our minimum salary continues to be somewhat higher than that in surrounding communities.

A trend is becoming apparent in Hampton Schools which may effect considerably our future housing needs. We of course shall need three second grades next September, with the strong probability of also again needing three first grades. Add to this the need of using four rooms for the Junior High school next year and housing is a problem. As it is now projected to next fall we shall need nineteen classrooms in a building that has only fifteen designed and we must begin to sacrifice some of the things we have, which makes for a good school system in Hampton. Furthermore the curtailment of kindergarten will affect the education of all those who are not able to get that experience. It depends upon individual youngsters how soon they can recover what is lost, but all things being equal, children without this experience starting school with those who have had it are at a distinct disadvantage.

A few minor changes would make our school better

both from an educational viewpoint and from an administrative one. Some of these have been mentioned previously.

We are in need of a larger space for school supplies. For the population of our building and the amount of supplies we now use our present space is inadequate. An auxiliary room equipped with shelves would solve this problem.

The cafeteria could be improved a good deal by installing some type of sound proofing on walls and ceiling, for in spite of the fact that teachers keep noise at a minimum during lunch hours the composition of walls and ceiling there make the room noisy. The lighting also could be improved by replacing the frosted glass with clear glass and putting larger bulbs and new shades in the present lights.

Our bell system continues to bother. There are four circuits that ring bells for various school functions, recess, lunch, fire drills etc., and often bells do not ring in one place or another because an entire circuit is not working. This coupled with the fact that many rooms do not have clocks sometimes causes children to miss buses or to be late getting dismissed. In a school of this size an automatic clock system would seem to be a wise investment.

As our enrollment goes up our play area becomes more acute. If the land is available the area west of the school between school property and Lafayette Road could be well used for play activities. Furthermore, as mentioned in other reports, a hard top play area with basketball goals would be very valuable. As for places of fixed play equipment, other than the above we are fairly well off and the supply is adequate but a "Jungle Gym" would be welcome.

We are still using the Rinehart Functional Handwriting system to advantage which is valuable and worthwhile. As this is being written, the third grades are making the transition from print-script to cursive writing in accordance with views of educators.

Guidance activities have included various types of achievement tests, group and individual IQ tests and occupational interest inventories. All of these materials are kept for the use of teachers and administration in the child's cumulative record folder which follows him into and through high school. These prove very valuable in the later school guidance of the child.

In respect to guidance the time seems to be near at hand when Hampton should have a full time guidance person. Authorities on guidance recommend a full time counselor for approximately each 300 children and the school enrollment in Hampton next year should approach 700 pupils. In view of this fact I feel that serious consideration should be given to this problem. Also the matter of secretarial help for the Centre School should be given consideration. There is enough work between cumulative records, ranks, hot lunch, accounting etc., to keep a secretary busy on a full time basis without any trouble. The allotted nine hours per week at present helps a great deal but in that time it is impossible to keep records complete or up-to-date and do the usual office routine.

The people of Hampton should realize that our building problem is at the point where construction of one type or another is a necessity.

I wish to take this opportunity to thank the superintendent, members of the school board, staff and parents

for their cooperation and loyalty during the past year that has made school another year of educational progress.

Respectfully submitted,

M. WAYNE BOWIE,

Principal.

PHYSICAL EDUCATION AND ATHLETICS REPORT

Dear Mr. Gillmore:

In addition to the safety precaution of dividing the outdoor play area into primary and intermediate areas, attention should be given to the condition of the play surface. The primary area is hazardous at present as the play surface is littered with stone. The intermediate area needs scraping and some fill to produce a smooth play surface.

The regular program in the grades has been supplemented by getting the children to recognize poor posture and to become conscious of proper body balance by criticizing each other.

In grades 7 through 12, the program has included activities which endeavor to promote physical fitness — activities which will develop endurance, agility, strength, skill and coordination in the pupil. In the high school some of the problems are heterogeneous class groupings, lack of credit and short periods. The addition of an outdoor grassed area makes possible a broadening of the program. At the present time, the area is extremely irregular and will need scraping and seeding.

When it becomes possible, the locker rooms should be painted.

ATHLETICS

The Basketball team participated in the state basketball tournament. Track was resumed after a lapse of one year with a large squad. The team finished second at the state meet. To carry on Track and Field this spring will

require the cooperation of all as all the jumping pits have been filled in with the construction of the soft ball field. The football team finished the season with a record of 5 won and 3 lost.

The varsity locker room is cold and damp and should have heat installed.

Very truly yours,

JOHN G. PETERSON,
Director of Physical Education

GIRL'S PHYSICAL EDUCATION

Dear Mr. Gillmore:

I hereby submit the following annual report for girls' physical education in Hampton.

This school year separate classes for boys and girls are being conducted in the 5th and 6th grades. Physiological and social developments necessitated the change. In grades five through eight fundamentals of body coordination are being introduced through simple team and individual games. In grades nine through twelve the fundamentals are further developed through more complex activities.

The intramural program in the high school is conducted through the Girls' Athletic Association. Participation in these grants membership to the club. The organization offers activities not provided in the regular school program. These include roller skating, ice skating, playdays with surrounding schools and other various activities. For Christmas the girls collected clothing and toys and presented them to a children's home in Portsmouth.

The Junior High cheerleading squad consists of ten girls, seven from grade eight and three from grade seven. The squad lacks regular cheerleading uniforms and at present are using navy blue gym suits and white blouses.

ELLA REUTHER,
Girls' Physical Education Director

MUSIC DEPARTMENT

Dear Mr. Gillmore:

Following is the report of Music activity in the Hampton schools during 1953.

In the High School, there are now five singing groups, each meeting one period a week: Freshmen-Sophomore Girls' Glee club; Junior-Senior Girls' Glee club; Boys' Glee club; Mixed Chorus and Choir. The choir is taking the place of the Girls' Ensemble of 1952-'53.

These groups have sung for the school in assembly; for the Woman's club and graduation. The Mixed Chorus and Girls' Ensemble auditioned at Laconia at All-State and also presented an Operetta. The groups also presented a Christmas concert featuring Fred Waring's "Crib", in December.

The Band auditioned last May at Laconia, has played for football games (with most of its necessary members on the football team) and also played Memorial Day — with nearly one-third of the members at Durham at a track meet.

Through funds earned by the singing groups and Band, we have gowned a choir of 22, and purchased two band uniforms at a cost of about \$500.

Two classes in Music Appreciation were taught in 1952-53. This Fall, however, schedule difficulties made it impossible to continue these classes.

Lessons in instrumental music are being given at the High and Center Schools for pupils studying brass or woodwind.

At the Centre School, every pupil in the first three

grades receive music instruction with music activity, two periods a week — beside that given by the regular teacher. The fourth, fifth, and sixth grades have one period weekly, with daily lessons by the grade teacher.

In the Junior High school, an extra period is being given this year for those particularly gifted and interested in music. It has been very successful.

A Christmas program which included all pupils in the first six grades and also a group from the Junior High School was presented at the close of the term.

The Physical Education classes at the High school are scheduled at the same time as the music classes. This means that the pupils in the Music Department do not have an opportunity to sing in the auditorium enough to become accustomed to the change in acoustics. The disadvantage is keenly felt when the groups are preparing a public performance. Since music is an inclusive activity, using large groups, this is to be deplored.

I wish to thank you, Mr. Gillmore, and the members of the Board of Education, for the excellent material available for my work. I know it is appreciated by the students.

Respectfully submitted,

ESTHER B. COOMBS,

Director of Music

REPORT OF SCHOOL NURSE

To Mr. Gillmore, Superintendent of Schools:

The following is a report of the school health program for 1953.

During the year 682 children have been tested with the telebinocular machine; of this number 78 children did not pass the test; suggesting defective vision. Of these 78 cases 65 have already been corrected: The Lion's club is continuing to give us financial help with the corrections whenever necessary.

In 1953, 331 hearing tests were given; of this number 12 children were found who had some hearing loss, 11 of these have been corrected. Three of these corrections were made possible by tonsillectomies at the Dover hospital by Dr. Reid. We are indebted to the Lions club, Kiwanians, Kiwanides and the Red Cross for their financial assistance. These hearing tests were done during the month of February 1953. The audiometer which I had to use was borrowed from the state. I had applied early in the school year for the machine but there is a great demand for the few that the state has. This particular machine which I used is of a very old type and has had a great deal of use. I believe that it was donated by the American Legion of Hampton and surrounding towns a few years ago. Therefore, I feel that although I spent over a month on these hearing tests that there is a great possibility that I may have missed some children with a hearing loss, and may have referred some children who didn't need it, due to the inaccuracy of the old machine. The state recommends that a school child's hearing should be checked every year. The newest model of "Maico" audiometer at the price of \$345.00 would allow

me to do the testing in much less time, and with my very crowded schedule this year, the time element is very important. Also, after the testing was completed, we could be reasonably sure that each child had been adequately tested. This "Maico" audiometer is approved by the state. Perhaps the Parent-Teacher's Associations of our Union or some other organization would be interested in this worthwhile project.

Dr. Blake, our school physician, has examined 241 children plus all sports participants with the following results:

	Defects	Corrected
Enlarged Tonsils	14	10
Orthopedic	2	1
Heart Condition	1	1
Overweight	4	2

By "corrected" we mean that the condition has either been corrected or has been brought to the attention, and is being treated by the family doctor.

Routine inspections have been done by the school nurse on 601 children. From these inspections I have found the following conditions which were brought to the attention of the parents:

	Defects	Corrected
Skin	3	3
Hair	30	30
Nervous Condition	1	1
Enlarged Tonsils	5	5
Posture	2	1
Teeth	168	66
Speech	4	0

These uncorrected defects as well as the remaining uncorrected vision and hearing defects will continue to be followed by the school nurse through home visits.

- 1,201 — Children given first aid.
- 105 — Ill children taken home.
- 42 — Children taken to doctor.
- 145 — Home visits made.
- 11 — Children taken to special clinics.

(Clinics — Dr. Reid, Dover; Mental Hygiene, Concord; Dermatology, Portsmouth.)

This transportation came to an estimated 1,600 miles traveled by the school nurse in 1953.

With the help of Miss Landry, state nurse, 139 children in grades 1, 7 and 8 were given Patch Tests for Tuberculosis. No positive reactions were found.

Our new accident insurance for school children is now in effect. 405 children are enrolled in the plan.

During 1953 we had the following cases of contagion:

Chicken Pox	36
Pediculosis	30
Impetigo	1
Ringworm	3
Scarlet Fever	4
German Measles	8

A "Woods Light" has been purchased through Mr. Gillmore's office for use in this union. Examination of a child's head under the light easily detects ringworm of the scalp which is very prevalent in some nearby towns. This is very contagious but with our Woods Light and careful watching of our children, we should not have cause for alarm.

The Kiwanis Club is again this year supplying the funds for hot lunches for underprivileged children.

Respectfully submitted,

SHIRLEY McRAE, R. N.,
School Nurse.
